

CELINE ELBANNA

SUMMARY

Motivated high school senior interested in software development, with experience in HTML, CSS, and JavaScript programming languages and building real-world-based projects via CTE courses. Skilled in collaboration, communication, and problem-solving through team-based projects. Seeking an entry-level opportunity where I can apply my coding skills, learn industry best practices, and collaborate with others.

EXPERIENCE

Bioshield Website

Sep 2025

- Collaborated with a peer to create a website based on real-world marketing fictional scenario for insect repellent company
- Utilized AI for feedback or solutions on issues within the website
- Supported my teammate with creating the HTML file and the CSS file

Animal Log Enrichment App

Oct 2025 - Jan 2026

- Enhanced accessibility by implementing high-contrast color schemes ensuring an inclusive experience for color-blind users
- Provided technical support, and contributed to improvement in project speed and team efficiency
- Developed responsive layouts for tablet and desktop interfaces designs in figma
